Foreword

This volume sets forth a representation of a Twelfth Century manuscript executed by the mechanical devices of the present day.

Dedication

To the spirit of the manuscript copyists of the Middle Ages and of Caxton and those other founders of the press, who unceasingly labored with honest devotion to their art to the end that we, as legatees, are inspired humbly to copy and reproduce, we dedicate the 1930 Scottonian.

Administration

R. H. DEMOREST

I wish to make this a very brief message of farewell and of best wishes to Seniors who are about to graduate from Scott. It is always a great satisfaction to me to have the privilege of acquaintance and friendship that my contact with students affords, but it is also a cause of very keen regret that, in such a large school, I am denied the opportunity of knowing at all intimately many of the very most worth-while students. In any case I wish to express to Seniors my hope for the very greatest happiness and success that the world can possibly give and to ask for a continuance of their interest in us and in Scott through the years.

—R. H. DEMOREST.

TO THE FACULTY

Here, from the monotone of hours there heap—
Swift fold on fold, these fabrics at your hand,
This shining web, this shred of song to keep,
This skein ashimmer with an alien strand;
With these, through quiet years, your shuttle plies
Across the level threading of the loom,
Until there grows beneath your waiting eyes
A strange, bright pattern in the cloistered room,
And from the subtler warp and woof there runs
Again the silver and the sharp surprise,
The first, clear motif from tomorrow's suns
As answer to a search that never dies.
Feeling your hands upon the loom, we go
With winged tribute for the skill they know.

FAREWELL

As the time approaches when this class will meet no more, we look back on the four years spent here and almost wish that we were starting instead of finishing one of the greatest stages of our lives. These years in high school have been a big contribution to our future, in whatever fields we choose.

As we leave Scott, we can proudly say that we have striven earnestly to add to her honor and glory in every activity she has undertaken. We have worked hard along scholastic, athletic, and other lines, and we are proud of the results.

Scott will never be left behind us entirely. She will be with us mentally and spiritually, helping us all through our lives as she has these past four years. Therefore, we can only make this farewell a physical one. May the mental and spiritual part of Scott be with us forever.

WILLIAM H. MAUK,
President Class of 1930.

CLASS POEM

Idyllic fortress of our youthful dream,
Already fading pinnacles of Past,
Across whose ramparts eagerly were cast
Those lances newly-hammered from desires
And hopes inspired by fortune's flaming fires,
Behind whose battlements our hearts were massed
To meet Life's lesser struggles as they passed,
Your gates are closed, and dim your torches beam.

Though eras pass, and we may change our clime
Or travel far, from near to alien sea,
Eternally, across the moat of time
Your drawbridge swings on chains of memory.
And so we move from sheltered castles real
Armed for the conflict by your tempered steel.

EUGENIE STITZER.

Junior Class Minstrel Show

JUNIOR CLASS PROJECTS

A Minstrel Show was presented for the Junior Class in the auditorium on February 4, 1930. The show was built around the J-Hop. The end men, ("J" and "Hop"), were Newell Hoffner and Robert Schaefer. Specialty numbers were given by Ed Strong, Joe Peters, Joe Shrum, Larry Threm, Louis Harrison, Karl Legant, Jean Valdare and Mary Jane Barry. Joe Lackey was interlocutor.

A second performance was given for the benefit of the Scottonian.

The J-Hop was held on February 21, 1930 in the ballroom of the Commodore Perry Hotel. Two-hundred-fifty couples attended. Washington Birthday decorations prevailed. Red, white and blue balloons were favors.

A Farewell Party for the Senior Class was given in the Richardson Building, on the evening of May 29, 1930. Three hundred couples enjoyed dancing from 9:00 until 12:00.

Scott Morale

Thousands of lines of copy have been told about the prowess of Scott athletic teams. Has Scott High School something other schools do not have? The spirit of Scott is known far and wide. School officials tell us Scott High is a big drawing card because its teams always play a hard and clean game. They may be defeated but they play a hard game to the finish. This is a fine reputation to have and it is up to us to keep it that way.

Scott High School has high standards both in scholarship and athletics. We have accomplished many things because we have studied and worked hard. A slacker or drifter goes no place but down stream. The school as a whole is headed *up stream*. How far we get depends on how hard we work and the spirit that is behind our work.

Our everyday American life whether in school, business or professional circles, demands that to be successful we must have the sterling qualities of mind that have taken these boys through their athletic games—a band of fighting, spirited, thinking Scotters.

"When you strike, play the game to the finish!"

—Carl Meissner.

Football

Scott High School has a reputation all over the United States for its famous athletic teams. Scott teams *are* great and we coaches are just as proud of the fact that we are in charge of these teams as the boys on the team are proud of being members.

Scott teams are different from other teams, not because the material is better, for usually the Scott boys are smaller physically than their opponents, but because of the splendid spirit of the team work which exists at Scott among the teachers, students, and coaches. As long as this same feeling continues to exist, we will have great representative teams as in the past.

It means something to win a letter at Scott High School, and it is a pleasure and a privilege to coach the boys that report for the teams every fall.

SCOTT 39—HUDSON 7

In the opening game of the season, Scott easily defeated the Hudson, Michigan team 39-7. The visitors made their only score in the first quarter when Cooley, their star fullback, intercepted a Scott pass and ran forty-five yards for a touchdown. He then kicked the extra point to tie the score. From this point on, however, the Scott backs had their own way, scoring five more touchdowns and two points after touchdowns. The whole team functioned very well despite the extremely warm weather; the line presented a stone wall defense and the backfield displayed both speed and power.

SCOTT 46—ERIE 0

For the second year in succession, Scott defeated Erie Central by an overwhelming score. After being held scoreless during the first period due to two fumbles, the Scotters began a savage attack that netted them forty-six points. The team resorted to straight football for the most part, after finding that it could smash the Erie line and go around the ends for easy gains. Scott's superiority was proven by the fact that Erie never advanced the ball beyond the Scott 30 yard line and only made four first downs to the Green and White's eighteen.

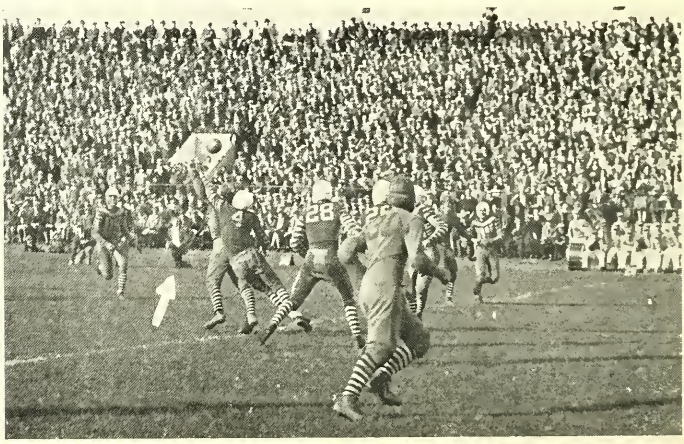
SCOTT 46—WOODWARD 0

After a scoreless first quarter, Scott froze the Woodward Polar Bears 46-0. Immediately after the kickoff a Scott back fumbled and Woodward recovered on Scott's twenty yard line. The Polar Bears made a first down, but were unable to gain after that.

In the first play of the second quarter, Lewis plunged over for a touchdown, and Florence kicked for the extra point. Scott kicked off to Woodward, but when the Polar Bears' offense failed, Point kicked outside on his own twenty-four. Raudabaugh ripped through right tackle and then plunged over the goal line. Before the half ended, Threm succeeded in scoring two more touchdowns.

Scott scored twice more in the third period. The first touchdown came when Florence passed to Daso after Threm had made a 42 yard run around end. Florence scored the second touchdown after intercepting a Woodward pass. Lewis plunged for the point. The Green and White scored again when Lewis made an end run and Daso plunged for the point.



Nelson Meyer SCOTT 0—STIVERS 13 Harold Gerson

The powerful black and gold eleven of Stivers again proved too much for Aiken's warriors. Scott got the breaks early in the game. Chapman recovered a Stivers' fumble on the visitors' 34 yard line. Threm ripped off 21 yards, but two tries at the line were stopped cold. McCann intercepted a Florence pass and was downed on his 38. In two plays, Stivers took the ball deep into Scott territory and with two passes put the ball over the goal. Armbruster's try for point was allowed as Scott was offside.

In the third period Scott recovered a Stivers' fumble and advanced the ball to the 18 yard line where they fumbled and Stivers recovered. After a punting duel in which Scott had the edge, Stivers came to life and marched down the field to a touchdown. The try for point was blocked.

Scott started a drive that was interrupted by Heller intercepting a pass and racing for a touchdown. Since Stivers was offside, the ball was brought back. Then, Daso made first down and a pass over the line was incomplete.

The game was bitterly contested, and each team gave all it had.

SCOTT 0—LIBBEY 0

In a fiercely contested game at Libbey stadium, Scott and Libbey battled to a scoreless tie. During the first period both teams played straight football with frequent exchanges of punts. In the second quarter, Scott had a golden opportunity to score when Florence intercepted a Libbey pass and ran 41 yards to the Libbey 9 yard line. Lewis made four, but on the next play again Libbey recovered a Scott fumble on the 46 yard line. In four attempts, Libbey was not able to get through the fighting Scott line and lost the ball on downs six inches from the goal as the quarter ended.

Late in the last quarter, Scott marched deep into Libbey territory only to lose the ball on another fumble. Both teams fought hard throughout the game, and while Scott gained more ground from scrimmages than Libbey, the latter's passing attack was superior. Hessler in the line and Severance in the backfield stood out on the Libbey team, while no one player on the Scott squad was outstanding.

SCOTT 6—CHANEY 6

After having been outplayed during the entire game, Youngstown Chaney was able to tie the score at 6 all in the last minute finish. It was by means of their passing attack that the Scotters scored in the first period on a pass to Threm. Then, after being outplayed during the whole game, Chaney took advantage of a Green and White fumble and by means of three passes was able to score. Luckily for Scott the try for the point did not count as Chaney was offside. Scott should have won by a comfortable margin and probably would have done so had it not fumbled so often and had it shown more scoring punch.

SCOTT 67—BOWEN 0

After two tie games in a row, the Scotters at last came to life and ran rough-shod over the Bowen High team from Chicago. The Aiken warriors began a drive down the field immediately after the kickoff which resulted in a touchdown. Despite two heavy penalties, the team scored again before the period ended, but they failed to add the extra point.

In the second quarter the team scored three more touchdowns and two points after touchdowns to make the score 32-0.

Twice more in the third period the Scotters scored. The first time on a drive down the field and the other on a pass,—Florence to Chapman. An all-sub team played through the entire fourth quarter and succeeded in making three touchdowns and two extra points besides throwing the Bowen boys for a safety.

In this game the team certainly showed a marked improvement in all departments of the game.

SCOTT 27—GALESBURG 0

In a rather colorless game, Scott easily triumphed over the strong team from Galesburg, Illinois. Larry Threm and Duane Freese both made a fine showing for Scott.

After spending the first few minutes of the game in a punting duel, Scott took the ball on their 37 and went down the field for a touchdown. Freese scored again for Scott at the beginning of the second quarter on a spectacular 49 yard run. Florence added the point. Once again in this period the Aiken-men scored on a drive down the field after Threm ran back a punt 35 yards. Florence again kicked for the point.

In the second half, Galesburg's defense tightened and there was no more scoring until the closing minutes of the game when Lewis carried the ball 45 yards to the one foot line, and Threm plunged over for a touchdown as the game ended.

SCOTT 32—WAITE 0

In the sixteenth annual Thanksgiving Day battle, Scott again defeated Waite. The game started with a bang. Scott kicked off and Cowell, Waite's star back, returned the ball to his 45. Two plays netted 9 yards, but Waite fumbled and Cook recovered for Scott. Threm and Daso ran the ball over the line. Florence's try for point was unsuccessful. The Scotters scored three more touchdowns in the second period. The first came on a pass soon after the beginning of the quarter. Florence place kicked for the point; the second was on a pass that terminated a drive down the field. Meyers made the third touchdown when he fell on a blocked kick as it rolled across the goal.

Aiken's warriors made their last score in the third quarter after a march down the field, and Florence added the extra point. In the final quarter Scott substitutes worked the ball to the two yard line, but a pass over the goal was incomplete. Waite tried vainly to score in the closing minutes, but the Scotters broke up their game.

Y. M. C. A. RELAY MEET

Led by Captain Bernard Butler the Scott Track Team for the third consecutive year won the Y. M. C. A. Relay Carnival for the Keith Trophy. The team placed first in nine of the thirteen events to score 56⅓ points. Waite was second with 34½ points and Libbey gained 22½ to place third.

CINCINNATI MEET

Scott placed third in the track and field meet sponsored by the Boy Scouts and Central Y. M. C. A. at Cincinnati. Withrow High of Cincinnati was first with 23½ points; Columbus East scored 21 points to nose out the Scotters who garnered 19½. Morse Miller was the only one to place first; he won the pole vault by clearing the bar at eleven feet. In addition Scott got three seconds and three thirds.

ANN ARBOR DUAL MEET

Dave Brown's boys easily defeated Ann Arbor High School 69 to 17 in a dual meet at Scott before a large crowd. Scott captured every event but the mile run. Morse Miller was the sensation of the meet when he won the pole vault by clearing the bar at eleven feet.

FOSTORIA DUAL MEET

Scott completely outclassed the Fostoria Track Team 72½ to 13½ in another dual meet. In every event except the 65 yard dash the Scotters placed first. Glickert was high man in the meet, scoring 15 points.

Glickert

ANN ARBOR INDOOR MEET

In the fifth annual Indoor Interscholastic Track and Field Carnival sponsored by the University of Michigan, Scott captured third place against a field of thirty-one high schools. Detroit Northwestern was first with 32 points and Froebel High of Gary scored 23 points to place second. Welever was first in the shot put and Matheny second in the pole vault, clearing the bar at eleven feet. Glickert was tied for second in the high jumps and Captain Butler was an easy second in the 440. The Scott medley team also tied for third.

NORTHWESTERN MEET

Scott was only able to score in two events in Northwestern's National Interscholastic Track Tournament as most of the members of the team were eliminated in the preliminaries the preceding day. The relay team tied with Hyde Park High for third place, and Watson Welever was fourth in the shot put to give Scott fifteenth place in the meet.

DEFIANCE RELAYS

After piling up a huge lead in the field events during the morning, Scott was nosed out of first place by Central High of Columbus in the Defiance College Relays. Columbus Central was first with 66 points, Scott second with 53½, and Lakewood and Toledo Waite were tied for third with 20 points apiece. Morse Miller set a new record in the pole vault with a leap of 10 feet 8 inches. Glickert retained his title in the high jumps, but he failed to better his record.

Miller

CARNEGIE TECH MEET

Once more Dave Brown's boys proved their versatility by easily winning the thirteenth annual Carnegie Tech Interscholastic Track and Field Meet. Welever was first in the discus throw and third in the shot put which was won by Matheny. Glickert was tied for first in the high jump, and Butler placed second in the 440. In addition Scott scored a third and three-fourths to make its total 30½ points—17 more points than Monongahela was able to amass. South Brownsville, last year's winner, was third with 11 points.

CITY MEET

For the second year the strong Scott track team won the city track and field meet. The Scotters piled up a total of 55½ points to easily triumph over Waite and Libbey who scored 37 and 32½ points respectively. Five city records were broken and of these, four were bettered by Scott. In winning Scott placed in every event except the 220 yard dash, garnering 6 firsts, 8 seconds and 5 thirds. Butler was the hero of the day. In the mile relay Libbey had gained a comfortable lead during the first three laps, but Butler managed to slowly forge ahead of the others and win the race by a narrow margin.

UNIVERSITY OF MICHIGAN MEET

Scott High's city track champions made another fine showing at Ann Arbor to place second to Detroit Northwestern in the University of Michigan national interscholastic track and field meet. Scott placed first in two events, second in six, third in one, and in addition got two fourths to pile up 30 5/6 points to Northwestern's 43 5/6.

Back Row: Manager Matheny, H. Stevelberg, R. Sillence, H. Vitz, Ass't. Manager R. Ludwig.

Front Row: E. Bellows, R. Sampson, C. Omerang, V. Parker.

NORTHWESTERN OHIO DISTRICT MEET

Once again Scott captured the Northwestern Ohio District Track and Field meet in the Class A Division and won the right to represent the district in the state meet at Columbus Scott completely outdistanced the field by amassing 70½ points, Libbey was second with 45 3/7 and Waite third with 33 3/7. Not only were eighteen district records broken, but Welever succeeded in shattering his state record in the shot put of 48 ft. 2¾ in. with a toss of 48 ft. 7 in. The team garnered five firsts, three seconds, three thirds and a fourth, and new records were set in all the events won but the high jump.

STATE MEET

Scott placed third in the 22nd Annual Ohio Interscholastic Track and Field Championships sponsored by Ohio State University. For the third consecutive year Columbus Central finished first, with Lakewood in second position. Glickert and Lowry tied for fourth in the high jump. Matheny and Welever were second and third in the shot put, Butler finished second in the 440 yard run. Miller was tied in the javelin throw and Lowry tied for second in the pole vault. Scott was third in the mile relay and fourth in the half mile relay to bring its total to 20⅕ points. Columbus Central scored 46¼ and Lakewood 31.

NATIONAL INTERSCHOLASTIC MEET

Again this year Dave Brown rewarded the members of the track team for their fine showing during the year by entering them in the 24th Annual National Interscholastic Track and Field Championships under the auspices of the University of Chicago. Butler earned national recognition by scoring fourteen points single handed to put Scott in a tie for twelfth place. He had a berth on the Ohio team which won the state sprint medley relay. Froebel High of Gary was the winner of the meet with Arsenal High of Indianapolis second.

GIRLS' ATHLETIC LEAGUE

The purpose of this organization is to arrange a program of athletics open to all girls of Scott High School.

A new feature was introduced this year in the Leaders' Training Class, organized to train Junior and Senior girls in assisting the gym instructors. This has aroused deeper interest in the technical points of all class work.

The League has been very active this year—giving a breakfast hike, mixer and a splash party for the seniors, supervised by Mrs. Myers and Mrs. Probasco, 1st semester; Miss A. Winston, 2nd, semester.

Baseball Squad

Many people do not realize the number of stiff rules that a girl has to obey when she is working for a letter so we're glad of a chance to publish them:

1. Average of C in all subjects.
2. All correctable physical defects must be corrected.
3. Keep a health card.
4. True sportsmanship at all times.
5. Member of another organization.
6. Tests in one sport each season.
7. Take part in some sport each season.

and also the list of girls who received letters last year:

Katherine McCoppin	Julia Ann Folger	Irma Meminger
Emily Sherman	Helen Wilkinson	Florence McCoppin
Virginia Sherwood	June Fisher	Winifred Williams
Vera Walker	Barbara Felker	Edna Watkins
Helen Burpee	Marian Emerine	Thelma Miller

GENERAL PROGRAM

The girls are fortunate in having two supervisors who can arrange so varied and interesting an athletic program for the year. In the fall, the girls play tennis, volley-ball, or hockey. In the winter there is clogging and basketball. When spring comes, they get out for indoor baseball, track, tennis, or golf.

There are no inter-school contests. Instead, each class has a team picked by the coaches, and these teams battle for the championship, which is as much prized as if it had been won from another school.

Throughout the year there are various meets, play days, and contests sponsored in which all the girls in the building may take part. There are not many girls who do not enter into a sport or event some time during the year.

Literary Publications

The English booklet has been published three times this year, and sponsored by the English Department. A different faculty member organizes the material submitted by all teachers in the department. The chairman for the fall issue was Miss Paschall; Miss Crane headed the committee for the Xmas issue and Miss Louise Taylor for the spring number. This affords an opportunity for the publication of worth-while literary material submitted by the students in all classes from English I to English VII.

Although it bears no more interesting name than the little English Booklet, it offers opportunity for those students who care to see their work in print. At some future time it is hoped a suitable name may be selected.

More than thirty contributors were represented in the first issue, seventy in the second, and a large number, especially many new contributors in the last issue. The price has varied from five to ten cents. There are no illustrations.

Another project recently sponsored by the English teachers is the volume of poems issued shortly after spring vacation. This included the best work that has been done in the field of poetry at Scott. Its title is Preludes. Some of the contributors are: Sherman Conrad, Leona Thoma, Rebecca Watt, Virginia Wuerfel, Ralph Colbourne, Eugenie Stitzer, Beatrice Thoma, Margaret Demorest, Helen Scarlett, and Betty Schwarzkopf.

The Hi-Y program is so arranged each year as to be helpful not only to its members, but to others as well. This year the regular meetings were held on Monday evenings at the Y. M. C. A. They usually consisted of a talk by some person outside the club, or group discussions by the members on topics in which the club was vitally interested.

The membership of the club consists of forty boys who are giving a large part of their time to the promotion of high standards in Scott. Among the special projects this year were: (1) promotion of friendship among the students, (2) clean speech, clean living, clean athletics, (3) better scholarship, (4) social relations between boys and girls, (5) preparation for college, and (6) vocational guidance.

Various conferences are held in northwestern Ohio during the year, and Scott was well represented at all of these. Next year the club will be divided in order that a larger number of boys may belong. Our helpful advisors are O. B. Kirk of Scott and R. D. Miller of the Y. M. C. A.

The second semester of this year marked the division of the Senior Hi-Y into two groups, one for Seniors only, and the other exclusively for Juniors. Our purpose and slogan are the same as for the other Hi-Y Clubs.

Although a comparatively young organization, our members had acquired considerable experience while serving on various committees connected with the original Senior Hi-Y. For this reason we have been able to perfect a good working organization which, we feel, has accomplished much in the way of service to the school.

To advise us we have chosen Coach Dave Brown of the Scott Faculty, and we still have the "one and only" 'Doc' Miller of the Y. M. C. A. to give us friendly counsel and assistance. With the graduation of the members of the Senior Club our group will become the Senior Hi-Y and we look forward to greater success in our field for the coming year.

Purpose:—To create, maintain, and extend throughout the school and community a high standard of Christian character.

Slogan:—Clean living, clean speech, clean athletics, clean scholarship, contagious Christian character.

The club has met every Thursday evening at the Y. M. C. A., and its programs have been composed of discussions, forums, round tables, and talks by business men. The outstanding meeting was Dad's Night at which time many fathers were present to hear Mr. O. C. Norton talk on "Fellowship."

We feel that the club has enjoyed a very successful year, and wish at this time to thank Mr. R. D. Miller, our Y. M. C. A. advisor, and Louis Mathias, our faculty advisor, for their helpful guidance.

The Scott Torch Club of 1930 was among the greatest clubs of its kind in Scott High School Hi-Y history. Among the club's many activities were the skating party, a round table at the Y. M. C. A., four initiations, a coasting party, and several debating programs. Jackets, maroon with white cuffs and bearing the Hi-Y emblem, were purchased by club members.

The aim of the club is to promote the upbuilding of a boy's mind, spirit, and body. To help carry out this, two baseball teams were organized within the club.

As another happy year is drawing to a close the girls of the Welfare Club feel that, true to the purpose of the Society, they have promoted the welfare of the students of Scott High School.

At Christmas time the members filled baskets for the needy and co-operated with the Christmas committee in arranging and distributing the baskets of other organizations.

On March 17th the Society gave a St. Patrick's tea for the faculty and the mothers. The refectory was attractively decorated in green. A style show sponsored by Lasalle and Koch's illustrated the proper and improper school dress.

It has been through the loyal support of Mrs. Neville-Briese that the club has succeeded, and with her guidance the members hope to accomplish even more next year.

Senior Friendship Club

The year 1929-'30 has been an interesting and successful one for the Senior Friendship Club. The first project completed was a play, "The Stolen Prince", given jointly with the Junior Club at a conference hour mass meeting. Another project was the sale of the music of "Scott High Forever" to the student body. As in past years, we derived great pleasure from our social service work with a group of Miami Home orphans and also with a group of Indians on a western reservation. In our meetings, which have been varied and interesting, we have had splendid speakers and discussions. The Friendship Club believes in an open membership because only through that type of membership can the club carry out the friendliness signified by its name.

Junior Friendship Club

It is with pleasure that the members of the Junior Friendship Club look back at the school year 1929-1930, which began and terminated so successfully. With the aim in mind of high scholarship, a friendly spirit, helpfulness to others, and a normal, happy friendship with Jesus Christ, the club has completed another page in its history. The first outstanding event of the year was the Freshman mixer given in the gym, for the purpose of acquainting the new girls with the Friendship Club. Following this, a play entitled "The Lost Prince" was presented. The orphans of the Miami Home were entertained in February at a Valentine party, and later at a picnic. The club sold "Scott High Forever" sheet music during the Christmas season.

The projects of the past year have been guided under the splendid advisorship of Miss Krueger, Mrs. Reisler, Miss Smead, and Miss Severens. It is to be hoped that the Friendship Club will continue to progress as rapidly in the coming years as it has in the past year.

As the school year closes, the Seniors look back upon it with fondness and regret, thinking of the friends they will leave, the good times we had, and the interesting meetings in which we had a part.

We initiated a number of new girls at our first spread. Our annual joint Christmas party was held with the Philaletheans. Then our first dance outside of school was given with the Demosthenians at the Maumee River Yacht Club. As usual we entertained and were entertained by the Libbey and Waite Peries. We also gave a Mothers' and Daughters' Tea at the Commodore Perry Hotel and a Mothers' and Daughters' Banquet. Then, of course, there was the never-to-be-forgotten farewell party and annual banquet with the societies of the other three schools.

Appreciation and gratitude are expressed here to our supervisors and critics, Miss Beck, Miss Barkdull, Mrs. King, and Miss Taylor, who successfully guided us through our twenty-ninth year.

We regret that we must leave our sister Peries but hope that they may always keep the high standards of the society.

We feel the work done in this society will benefit us for our journey through life. After our graduation we will many times look back with pleasure and fondness upon our work done in the Periclean Literary Society.

Philalethean Literary Society

Again the Philaletheans have had a year to be remembered not only from the standpoint of literature, but also for the promotion of sociability. Our programs have been well chosen and presented. In learning of the literature of other countries we have been entertained and instructed.

The joint meetings with the Scott Pericleans and the Libbey Philaletheans have been very successful, encouraged friendship, and have broadened our views. The social spirit of the members has been shown in the attendance and good times at the spreads. The bridge, kid-party, and banquet are the other annual functions.

To keep abreast with the times, we, with the Libbey Phils, revised our constitution this year, and hope it will prove to be adequate for as long a time as the former one.

To our advisors, Miss Crane, Miss Humphrey, Miss Kirkby, and Mrs. Schwenke, who have guided us so well, we owe deep appreciation.

It is with natural sadness that we seniors leave our fellow Phils, but with every good wish for their future success.

The Websters have spent a great deal of time on debates and talks during this enjoyable year. The most interesting debate of the year was the annual one with the Demosthenians.

The organization has increased its membership with seventeen new members, sophomores and juniors. These students' grades are such that they will maintain the high scholarship of the society.

Our annual classic basketball game resulted in an overwhelming victory for us over the Demosthenians. The games were played on Scott's floor.

With the annual banquet we completed a year already full. This event is always and we hope will always be enjoyed to the utmost by all members.

Euclidean Society

It must be a source of comfort and satisfaction to the teachers of mathematics at Scott to know that there yet remains a group of boys that does not dread the study of mathematics, but rather enjoys it, sufficiently so, indeed, to warrant their being active members in a club which has for its purpose the study of this subject.

The members of the Euclidean Society are such fellows as these, being either Sophomores or upper classmen, proficient in mathematics of all kinds and interested in the discussion of scientific problems.

Although the Euclidean Society does not promote any social activities throughout the school year, it always has an annual banquet in May, which is attended by all members and faculty advisors.

Although the membership of the Euclideans is somewhat depleted by graduation, care has been taken to leave enough members who are capable of carrying on the work with great enthusiasm.

Scott Engineering Society

The Engineering Society has again completed a very successful year. We have had the largest and most active organization in several years. Programs and talks have been given alternating with business meetings.

The talks on technical and engineering subjects along with inspection trips have been a great help and inspiration to our members. On our trips we visited the Paramount Theater, where we inspected the heating and ventilating system; Presque Isle, where we were shown the machinery used in this tremendous engineering project; the Toledo Shipyards, where we witnessed the launching of a 624 foot freighter; and a Detroit manufacturing concern.

Among the speakers whom we brought to Scott this year was Mr. George E. Hardy, who spoke upon the St. Lawrence Waterway Project. Mr. Zimmins of the Case School of Applied Science gave a talk on "Who Should Go to College."

This successful and eventful year would have been impossible without the aid and judgment of our advisors, Mr. Dunn and Mr. Stalker, to whom we express our most heartfelt thanks. We feel sure that the remaining members will carry on the high traditions of the Scott Engineering Society.

Scott Aviation Society

Organized in 1926

Motto: Further aviation activities among
the students in Scott High School.

The Scott Aviation Society has just completed one of its most successful years. This society promotes interest in the study of aviation among those boys at Scott who pursue it either as a hobby or as their future life work. It enables those boys interested to get together, study, and discuss aviation with each other and as a body.

During the year the society has had interesting talks on aviation from men who are successful in it. The society also brought here a prominent man to speak to those interested in aviation.

At each meeting members are assigned talks to be given, to be prepared either from books or from actual experience. In this way each member increases his knowledge of this interesting subject.

In April the club took its annual trip to the Aircraft Show at Detroit and to the Ford Airport.

The outstanding social event of the year was the dance given in the gym, in March.

Scott High Alchemist Society

The Scott High Alchemist Society was started seven years ago for Chemistry and Physics students who desire to expand their field of knowledge in this new scientific age.

During the past year our members have enjoyed many interesting book reviews; biographies of scientists; visits to factories, including the Willys Overland Co., Toledo Stock Yards, Toledo Furnace Co., and the Toledo Ice Company; and motion pictures on coal, crystalization, oil, iron, and steel. Our social program included the Christmas spread at the Toledo Tennis Club, April Fool's Party at the home of Mary McNary, and other spreads and parties. The most important event was the Fourth Annual Ion Hop given by Waite Libbey, Woodward, and Scott at the Woman's Building on May 16.

It was through the aid of its loyal supervisors, Mr. Weiser and Mr. Mathias, the good work of its officers, and the co-operation of the members, that this organization has been distinguished as one of the best societies of Scott.

The Alchemist Class of 1930 has been exceedingly prosperous during the previous year and hopes our successors will accomplish greater results in the future.

Although the Scott Science Club is a newly formed club, it has started off with good spirits and has been very active during the year. The purpose of the club is to create interest in nature and apply the fundamental scientific principles to every day life.

The club is limited to twenty members, each member subscribing to a club paper, "The Science Classroom." The programs of the club have consisted chiefly of talks and discussions by members as well as outside speakers. Many of the lectures have been illustrated with the motion picture films. The projects studied were "Winter Constellations" and "Bird Life." These two subjects offered splendid opportunities for acquiring knowledge in these particular lines.

Much of the success of the club is due to the sponsors who have earnestly and steadfastly labored to help make it a success. The members of the club have enjoyed the co-operation and personal friendships of their sponsors, Misses Brown, Wachter, Smead, Krueger, Severens, and Mrs. Reisler.

The Scott Radio Club was reorganized in 1917. Since that time the club has been doing greater things each year.

This year as a special project the club demonstrated the Theremin, a new musical instrument, to the students. The entertainment was thoroughly enjoyed. It was through the courtesy of the Grinnell Bros. that the demonstration was made possible.

The purpose of this organization is to help students acquire a better knowledge of radio and its meaning.

The Senior Fasces was organized in Scott in 1915 and has flourished ever since that time. The object of the society is to study more closely the classics of the Romans and Greeks, their modes of life and their customs. At each meeting talks are given concerning these subjects. The programs this year have been up to the usual high standard, being not only carefully planned and excellently given, but also interesting and enjoyable. We hope that the work next year will be carried on in an equally successful manner.

Los Aceros Castellanos, better known as the Spanish Club, has completed its first full year. The club was organized in 1929, too late to accomplish very much, but 1930 has found it one of the most active of Scott organizations.

Throughout the year, members have enjoyed programs including Spanish plays, speeches, dances, songs, and colored pictures on the screen.

The club is primarily educational. It was organized with the purpose of making students of Spanish more familiar with the people of Spain, their country, language, and customs. Spanish is spoken exclusively during the meetings.

Through the able help of Miss Canniff and Miss Bingham, the advisors of the organization, it is hoped that next year will find Los Aceros Castellanos indispensable to the Spanish department.

The Scott German Club was newly organized this year. It consists of German students having more than one year of German. The purpose of the club is to learn more about the country and customs of the people from whom this language comes. This was done in many interesting talks and by various forms of entertainment.

An interesting project was carried out at Christmas time when the members of the club serenaded the various hospitals and institutions of Toledo with Christmas carols sung in German.

As founders of this club the members are eagerly looking forward to the further progression and success of the club.

The Alpha Sigma Epsilon Dramatic Society was organized in nineteen twenty-six for the purpose of studying drama and presenting one-act plays. The name stands for the three Greek dramatists, Aechylus, Sophocles, and Euripedes. Membership in the club is limited to Juniors and Seniors who receive "A" or "B" in English.

The past year has seen the society present to the student body a number of one-act plays, the success of which has assured us that our confidence in the club is well placed and that the future bids fair to be auspicious. A great deal of the credit for the worth and pleasure which we have enjoyed this year is due our advisor, Miss Gould, whom we wish to thank sincerely for her splendid interest and co-operation.

Scott Glee Club

The Glee Club this year has been fortunate in awakening a new interest among the students of Scott in this organization. This is due to the excellent direction given to the club by Mr. Clarence Ball, and to the fine performance and co-operation of the members.

The Glee Club's first presentation on Dec. 13 was that popular operetta, "The Belle of Barcelona." This is a modern story of "Sunny Spain" which holds the interest of the audience to the final curtain. Virginia Coleman and Louis Harrison had the brilliant leading roles, and Jane Kidney and Carl Eberlin enacted splendidly the two character parts.

The record project of the Glee Club was "The Lucky Jade" given March 28. This is a very dramatic operetta in which the members of the cast showed rare ability in the art of acting as well as singing. The leading parts were sung by La Vina Martin and Carl Eberlin.

On May 16 the Glee Club presented the light opera, "The Chimes of Normandy." This was the biggest project attempted by the organization for several years. Mr. Ball was exceedingly fortunate in acquiring Mr. Russell Gohring as guest artist to take one of the difficult leads. On this same date, May 16, 1920, Mr. Gohring sang the same part in this light opera with the Scott Glee Club, that time as a member of the club. Jane Kidney, Virginia Coleman, and Richard Rothert will have the other principal leads.

It is with many fond memories of happy hours spent and also with the satisfaction which comes from the accomplishment of things worth-while that the Scott High Orchestra looks back upon the year. The members feel that they owe their deepest gratitude to their director, Miss Bessie Werum, for the training they have received.

The first project which this organization undertook was to accompany the Glee Club in an operetta. On February 13, 1930 the orchestra presented its first concert of the year in the school auditorium. Following this concert, an exceptionally fine program was given at the Art Museum. Some of the most memorable of occasions were those on which the orchestra played at various luncheon clubs among which were the Exchange Club and the Rotary Club. At these clubs the members of the orchestra were graciously entertained and received tremendous ovations. The orchestra completed the exceedingly successful year by accompanying the Glee Club in two more operettas.

We, of the orchestra are very proud to say that our president and concert master, Tyle Gaffield, was one of the four representatives from the Toledo High Schools to the National High School Orchestra.

Band

Scott's band of 1929-'30, judged by the year's work, has attained the highest efficiency of all the bands in Scott's history. We make this statement only after careful consideration and a very close estimate of the abilities of its membership. During the football season, from the very beginning, they closed up their ranks, and with a very earnest desire to excel, they soon demonstrated to the student body that they were an ideal marching unit. They were present at every game. Neither snow nor rain nor wind was sufficient to keep them from doing all in their power to boost the team. The annual recital was given April fourth, at which time the band presented more soloists and more combinations of soloists, novelties and unusual numbers than ever before offered by any preceding band. We are hoping that Scott High School will always remember the band of 1929-'30 and that some measure of appreciation may go out to those young people who so generously gave of their youth and talent to write so brilliant a record.

It is my happy privilege, at this time, to testify to these facts, and to express in print my appreciation of all the painstaking work this group has accomplished. I congratulate these young artists and extend to them my best wishes.

Library Staff

The high school library has become an indispensable part of the modern high school in co-operating with all departments of the school in the carrying out of their objectives. Our school library assists in directing the leisure reading of students and in enriching the subject matter taught. Let us make it more and more a laboratory and workshop.

The past year has been a most successful one for the Scott Library Association. Under the guidance of Miss McGuinness, faculty advisor, and Miss Caughey, honorary advisor, we have tried to carry out our purpose of stimulating wide reading and appreciation of good literature among Scott students.

Besides the literary programs given at meetings, the Library Association sponsored a bulletin board in the library. This bulletin board contained interesting literary material and aimed to guide students in wise reading.

Members of the organization contributed generously toward the Christmas basket and we were justly proud of their help.

Perhaps the Library Association's most important project was the Tag Day held April 8, the proceeds of which were used to purchase the fourteenth edition of the Encyclopedia Britannica for the school library.

The Scott Rifle Club, though newly organized, has been very active in the past year. The purpose of the club is to bring out the best qualities of its members by teaching them through the use of the rifle, the attributes of concentration, patience, obedience, courtesy, self-control, and accuracy. The club safeguards the shooting by sponsoring and enforcing definite regulations. Individual and team contests have been organized to increase to the utmost the skill with the rifle. Matches are held every Wednesday in the Safety Building.

In the year 1925 a few boys of Scott, who collected stamps, got together for the purpose of trading and purchasing stamps. Auctions were held and the club prospered. Members were duly initiated according to the club rules. Four years have passed and still the club is on its upward trend. Boys bring their stamps to the meetings on Thursdays and after the program the stamps are traded. Any boy who is a stamp collector may join.

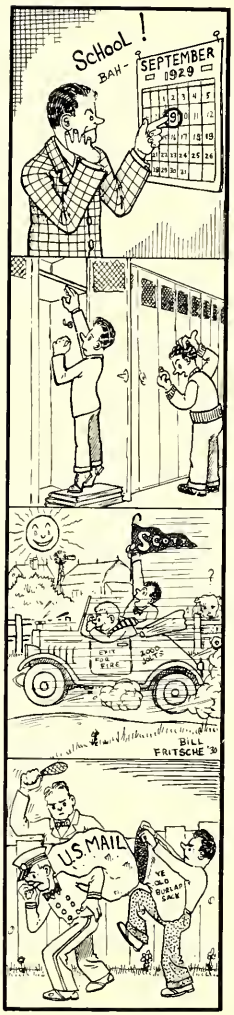
Satire

Why take life too seriously? You'll never get out of it alive.

19 SCOTTONIAN 30



SEPTEMBER

9th—Great Scott! School already? Mighty cheering sounds like the roar of a canary bird.

11th—Wish the old "grads" would get back to college so we seniors could start feeling big.

13th—Friday, thirteenth! Lockers assigned but, pity of pities, the freshies can't reach them.

16th—Why is it so hard for some people to understand that ink schedules cannot be written in pencil?

20th—Loyal Scotters put final punch into team by one of those famous, spirited mass meetings.

25th—Meet the new "Thistle", a classy little newspaper that brings in the sheckels like never before.

28th—"And can they fight! With brawn and might", we jam into the stadium to watch Scott's gridders tear through that line.

OCTOBER

2nd—Mr. Mathias is elected Senior Class Adviser. "Louie" is certainly a big favorite, and right there when it comes to directing activities.

4th—Senior class leads in the selling of season football tickets. Something wrong somewhere!

5th—Many journey to Erie in support of the Green and White. Scott scores a win. Are we downhearted?

7th—Freshie: "Who's that bozo that struts around like the Prince of Wales?" Freshie: "That's only Bill Mauk."

10th—We try the new system of exchanging conference with third hour; it's a lot for some of us to figure out.

12th—"Singin' in the Rain" as Scott hands Woodward one royal defeat.

14th—Newspaper headlines, "Strange Abduction of Toledo Postmen." S-h, it's time for those "unsats."

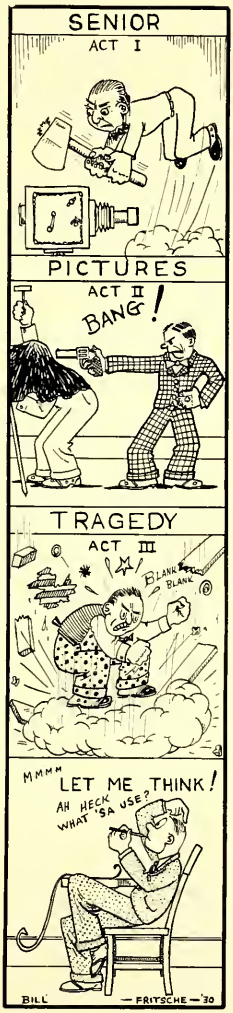
19th—Dayton Stivers arrives by train, auto, and roller skates in search of Scotters' scalps. Result, many students completely lost their heads. All we can say is "Wait 'till next year!"

21st—Senior Pictures Tragedy in three acts. Moor breaks the camera—Briggs kills the photographer—and Butch shakes down the building in a mighty rage.

26th—Scott gets altruistic and lets Libbey down easily by calling it a tie score, but the South Siders can look for a drubbing next year.

28th—After raining for five days, even Mr. Demorest becomes desperately excited and buys a new pair of rubbers.

30th—We hear that the teachers' Hallowe'en party resulted in quite an exchange of confidences, Miss Caughey giving an elegant testimonial on the merits of Dr. Litties' Cure For Insects.



NOVEMBER

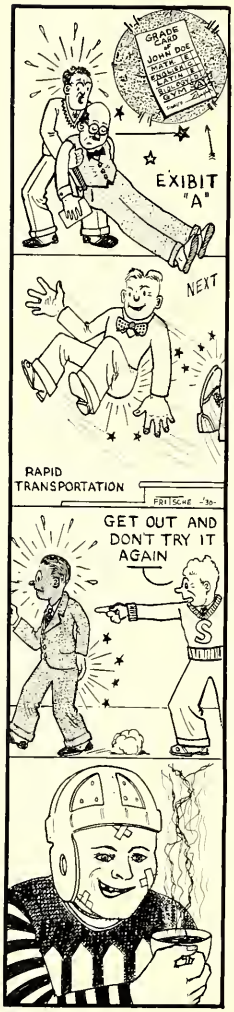
1st—Bob Rettig laughs and the students laugh with him; Bob raves and the raving is taken to heart; Bob says "fight!" and the mob ferociously howls for victory.

2nd—Tough luck again! The Green and White plays rings around Youngstown Chaney, but game only results in a tie.

5th—Election Day. The Students' Bill was unanimously vetoed, and we wonder why. All we asked for was free beer served by the alumnae.

6th—One hundred reasons are proffered why we should subscribe to the Scottonian. Sure, we've got lots of money.

8th—How well we could get along without all these tests! Teachers enjoy the game, however, so we must submit.



9th—Scott runs roughshod over the helpless Galesburg team for a decided victory.

13th—The blow that almost killed father! Johnny's grade card exhibits its first "A." It was in "gym", but what the heck!

15th—We appreciate these fire drills. When you hear the warning bells, you know that there's no such luck of there being a real fire, yet you have to get shoved down the stairs, smiling, thrown out in the cold, grinning, and come back to a grilling class, singing "Ain't We Got Fun."

16th—Scott chalks up another win as they defeat the peppy Chicago Bowen aggregation.

18th—There is a grand rush for one spot as the tickets for the Thanksgiving game are sold. Certain students' feelings were hurt as they got caught going around twice.

20th—What we wouldn't do for our parents. Again we risk life and limb to secure them tickets for the coming battle.

21st—A "Football Tea", sponsored by the Student Council, is well attended. No insults intended, but even we, have to laugh at the idea of Butch Henry sipping tea.

22nd—Audrey Walper attends the Journalistic convention at Columbus which had a great bearing on the splendidness of this Annual. If you don't think this is a splendid Annual, just try writing one yourself, and let us criticize it.

23rd—The office staff gives a Boston Tea Party for Scott teachers. Say, when did tea parties become all the rage!

25th—Ginny Searle and Beth Harrison swap lies about their college boy friends who are soon to be home.

26th—With mock dignity Scotters hoist the Waite flag, just one jump ahead of the jolly old beans.

27th—What a mass meeting! We challenge the world to demonstrate such loyalty, pep, and animation. The cheering carried all the way over to Waite, and their trembling prayers could be heard all the way back to Scott.

28th—The zero blizzard froze our faces, broke our ears into bits, and transformed our feet into so many hunks of ice, but such matters are trivial compared to our glorious defeat of Waite.

29th—Information withheld.

30th—Also unaccountable.

DECEMBER

2nd—A victory mass meeting is held and a formal challenge for a post-season game is issued to Libbey.

3rd—Libbey sends an exceedingly polite reply, wherewith demonstrating rare discrimination and expedient judgment, all of which may be summed up into two words, "no soap."

5th—Junior class officers are elected. With Joe Lackey as president and Miss Irene O'Brien as class adviser we expect big things of the Juniors.

6th—The Junior and Senior Friendship Clubs get together and out of it emerges a side splitting comedy "The Stolen Prince", done in Chinese fashion.

8th—The hall patrols put in a petition for less noise in the halls. Often their slumber is rudely disturbed.

10th—Butch Henry, our eminent football and basketball player, appeared on the scene with two front teeth out. The same explanation is yet to be heard twice.

13th—The honors of the day, Friday the thirteenth, are equally divided between the Dramatic Club, which presented during conference a one-act play, "The Christmas Chime," and the Glee Club, which offered the "Bell of Barcelona", a brilliant operetta.

14th—Captained by our crack little player, "Whitey" Raudabaugh, the Scott cagers opened the season by defeating the aggressive Hudson outfit in a hard fought tussle.

15th—Scott stole a march on us over the week-end, and we returned to find the festive air of Xmas everywhere in evidence. Bud Schroeder and his Senior Christmas Committee, consisting of Jane Kidney, James Montgomery, Sue McKinney and Leslie Mathews have decorated the hall with ornament laden Christmas trees, colored windows, wreaths and holly. The most cheering of all is the mounting pile of clothing, food and toys scattered under the trees waiting to be delivered to the unfortunate families whose Christmas joy will be made possible by the generosity of Scott students.

17th—Such a time of year for those necessary evils to be popping out—"unsats." Even the Christmas trees sag today.

18th—The second creative writing booklet comes out today. It is a fine representation of the literary genius of the entire student body.

19th—Whether you are a detective or not you just know that Christmas is coming! The Band carols, the Orchestra carols, the Glee Club carols, and O. B. Kirk's mighty tenor rocks the cellar and wiggles the roof.

20th—The biggest joke of the year! Teachers try to conduct classes the day before vacation. One freshman was seen trying to take home a Christmas tree from the hall, but Mr. Baum caught him; he wanted it himself.

Dec. 21st, 1929 - - - - - January 2, 1930.

"—And what one couldn't think another could!"

2nd—Back to school again or in modern phraseology "going from the sublime to the ridiculous."

3rd—O. B. Kirk is happily surprised by a Lambda Chi pin presented to him for the merit of his college fraternity songs.

4th—Scott trounces Columbus North in a fast basketball game.

5th—The Student Council Clean Up Campaign is well under way with their battle cry of "Be Alert, No Dirt",—a fitting time for some of our would-be collegiates to remove the hunk of dirt from their upper lips.

9th, 10th, 11th—Mr. Miller, through the sponsorship of the Social Science Department, presents "The Brat", a clever comedy with Jane Kidney and Norton Heywood playing the leads.

11th—Central High School's five bows to the speedy Scott quintet.

14th—Scott students take charge of conference groups. Surrounding neighbors thought that a Scott-Waite mass meeting was taking place.

15th—The famous lock-step and funeral march are in order as the semester exams begin; the new system is as popular as the gout.

18th—We'll say this one in a hurry. Stivers defeats Scott.

22nd—The Girls' Athletic Exhibition overshadows all the other past exhibits, both socially and financially.

24th—Scott journeys to Cincinnati and drops a game, followed by another loss the next night at Springfield.

27th—All start out with a clear slate, and new schedules ensue.

28th—It's perfectly all right for the girls to invade the radio and mechanic classes, but Miss Keplinger drew the line when Jim Briggs showed up for dressmaking.

FEBRUARY

1st—Waite's Purple and Gold takes Scott in basketball tilt.

3rd—Senior class has an important meeting, many coming events and projects being discussed. Who'd think that when graduation is spoken of such a queer sensation would come over one.

4th—The Juniors prove that business is secondary matter when fun is to be had. A class minstrel show proved an uproarious comedy.

7th—Peris and Demos gave a dance at the Yacht Club—Nice party.

8th—Scott whips Battle Creek and shows signs of returning strength and versatility.

10th—Imagine our embarrassment in Chemistry Lab when a certain individual spilled concentrated acid on his trousers and they began to dissemble.

11th—The annual Senior Daughters' and Mothers' Tea was one of the most delightful affairs ever sponsored. Beth Harrison was in charge of arrangements. Dainty refreshments, pretty girls and young mothers, sociable teachers, and light-hearted conversation contributed to the charming and informal program.

12th—The first Fathers' and Sons' Banquet was such a marked success that it is hoped it will become a Scott Tradition. Rev. R. Lincoln Long and Bob Rettig were speakers of the evening, while the varied entertainment included tumbling, music and magical tricks.

12th—Directed by Eugene Miller, Norton Heywood and Mildred Bolz play the leading roles in "The Tightwad", a funny, but mediocre play in spite of excellent acting.

14th—Valentine's Day—For some, a day of candy, flowers, and love verses—for some. Libbey receives a trouncing by Scotters. The boys look good.

15th—Spring weather, Oh, Oh! A few of the weaker ones shear their growing tresses.

18th—"Scottie," the playful little bull-dog and mascot of the Maroon and White leaves Scott friends for a higher position in "dog heaven."

20th—When it comes to giving a party the faculty certinly knows its a, b, c's (ale, beer, and champagne?)

21th—The J-Hop, given at the Commodore Perry Hotel upholds tradition in being one of the finest dances of the year.

22nd—St. John's is defeated by Captain Raudabaugh's speedy aggregation.

25th—Re-organization of the Hi-Y is made, splitting into freshman, sophomore, junior, and senior divisions.

25th—"Don't be a pig is the Alchemists' advice after visiting the stock yard."

27th—The Junior Hi-Y has a rollicking time at Dad's night.

28th—Woodward defeats Scott in the last second of play.

MARCH

1st—Ohio Wesleyan Glee Club, sponsored by the Senior Class, draws a small but appreciative audience.

3rd—Coach Bob Rettig issues first call for baseball tryouts. The outlook for season is good.

4th—Time for "Unsats." Teachers aren't half as annoyed as the pupils who receive them.

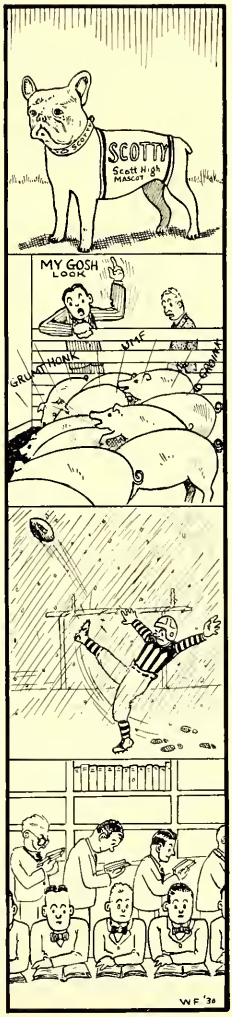
7th and 8th—The basketball team comes through flying at the Sandusky tournament. Shellby, Norwalk, and Fremont are the victims.

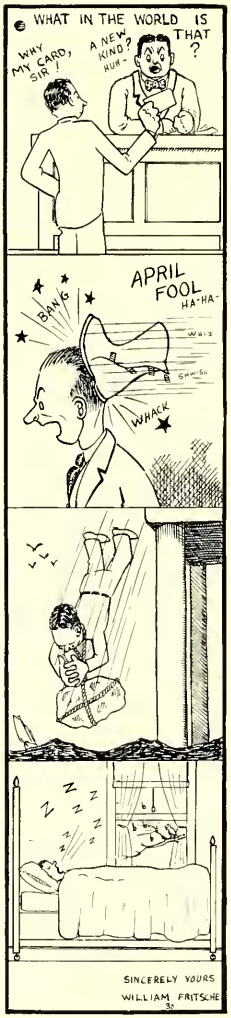
11th—Spring football practice ends amid sleet and snow storms.

12th—Junior and Senior boys pretend they are men, and give a Vocational Guidance Banquet.

14th—Scott takes fourth place in U. of M. track meet.

15th—Bryan eliminates Scott in basketball tournament.





17th—Scott Welfare Club gives tea for mothers and teachers of members, followed by a play and style show.

18th—Practical changes in the library relieve crowded condition by allowing for three people to the square foot instead of six.

20, 21, 22th—"Second Childhood", with leads taken by Dorothy Sanders and Norton Heywood scores a hit.

24th—We drag ourselves away from conference hour to hear a peppy concert by the Scott Band.

27th—The membership cards which are now your transport out of conference are apt to get mixed with your other membership cards such as "O. K. Charlie."

28th—Mystery and darky syncopation was the theme of the "Lucky Jade" presented by the Glee Club.

29th—The Student Council throws a dance and also many would-be gate crashers.

31st—Pericleans give attractive Mothers' and Daughters' Tea.

APRIL

1st—These practical jokers who throw goloshes at your cranium and then shout with glee, "April Fool!"

2nd—Dramatic Club presents the "Trysting Place"—'s nice place.

4th—The annual Band concert receives high commendation.

5th—The usual number of Student suicides—Grade cards!

8th—Scott Library Association revives Tag Selling Day. And received 100% support from the students.

9th—Many poison ivy cases follow Senior Friendship Spring Party.

10th—The Seniors sponsor one of those famous mass meetings; an orchestra this time.

11th—Spring vacation! So we all started out to take a needed rest?—as it were.

21st—How good school looks!—Almost.

23rd—A new excuse for sixth hour building permits, "Ladies day at the ball game."

24, 25, 26th—"The Millionaire". First Senior play receives enthusiastic support although there is a substitute lead.

25th—Carl Meisner with sighs and much heaving gives the long promised dance for the Seniors, who sold the most season football tickets.

What would this past year with its pleasures and achievements amount to, if it were not for the colorful and alluring future? In the outstanding coming events there looms:

MAY

2nd—The Sophomore dance at Trilby Log Log Cabin.

9th—The Senior Prom climaxing with its elaborate plans the social season.

16th—"The Ion Hop", a dance in the Woman's Building, given by the combined Alchemist societies of the high schools.

17th—The "Chimes of Normandy" a beautiful operetta by the Glee Club.

22nd, 23rd, 24th—"The New Rich." A comedy given by the Seniors.

29th—The Senior Banquet followed with a dance given by the juniors.

JUNE

2nd—The Senior Picnic—'nuff said. "One H— of a good time.

8th—Baccalaureate service, and what could be sweeter.

13th—Graduation!

P. S.—For those who didn't graduate, Scott High reopens in September, 1930.

HELLO WORLD

LOVE ME - LOVE MY DOG

DID YOU EVER CONSIDER THE "E"?

Someone has advanced the opinion that the letter E is the most unfortunate letter in our alphabet, because it is always out of cash, forever in debt, never out of danger, and in hell all the time.

For some reason he overlooked the value of the letter, and we call his attention to the fact that E is never in war, and always in peace. It is the beginning of existence, the commencement of ease, and the end of trouble. It is the center of honesty, makes love perfect, and without it there would be no editors, heaven, devils, news or jokes.

"Scotty" Florence says—"The first thing the Scotchmen do is teach their children to catch rubber balls on the first bounce." (Save the surface and you save all).

Home-brew is not always what it's corked up to be.

There was a lady of Rhyde.
From eating green apples she died.
Within the lamented
They quickly fermented,
And made cider inside her inside.

The youth of former years was expected to say to every temptation, "Get thee behind me, Satan." Nowadays the word is, "One side, Nick, you're blocking the road."

Bill Daniells, entering dentist's office with Dave Goodwillie—"I want a tooth taken out, but I don't want gas because we're in a hurry."

Doctor—"That's fine—which tooth is it?"

Bill—"Show him your tooth, Dave."

Mr. Brunson—(after lecture)—"Are there any questions?"

Aubrey Zweifel—"Yes, sir, how do you calculate the horsepower of a donkey engine?"

Posey, Tess Sala's dog, has been nicknamed Mars, because from all indications he appears to be inhabited.

Question—"I suppose you've been through algebra?"

Mark—"Yes, but I went through at night and couldn't see the place."

Mr. Brunson—"Name a liquid that won't freeze."

Helen Vradenburg—"Hot water."

Georges de Coriolis—"Where are my shoes? Can't find them any place."

Ted Harbaugh—"Here they are; I had my violin in one of them."

Ruth Bell—"What's your average income?"

Maxine Baker—"About midnight."

Mr. Corbett—"No woman tells me what to do. I'm boss in my own home."

Mr. Mathias—"Yeah, I'm a bachelor, too."

"Oh see the troop of rangers!"
"Those aren't rangers, they're only farmers."
"But they range from large to small!"

"I am the greatest pianist in the world."
You don't say "
"Yes, I do. Last spring I saved my life with my musical ability."
"Impossible."
"Not at all. Do you remember the big flood last spring?"
"Uh huh."
"Well, my father floated down the river on the chicken coop."
"What did you do?"
"I accompanied him on the piano."

OUR FRUITFUL LANGUAGE

A girl named Anna showed her raisins when she made a date with a prune named Bartlett. She is said to be a peach and they make a Bartlett pair. She is the apple of his eye, and while she has a cherry disposition, she frequently hands him a lemon. This is plum wrong, and he ought to ban Anna, but our saying so is fruitless.

This will go down as a great year for the explorers: Byrd found thousands of miles of new country; and a vitamin was located in hash.

Pauline Thurston—"A bunch of jokes I sent to the Humor Editor were returned as no good, but when I threw them in the stove, the fire just roared."

Mr. Cramer (to a student in Commercial Law class while at trial)—"Have you formed an opinion of the case yet?"

"Yes, sir, one look at that fellow convinced me that he was guilty."

Mr. Cramer—"Heavens! That's the prosecuting attorney."

Overheard in a restaurant-soup.

Mathias—"They tell me college boys can't work their way to Europe on cattle boats anymore."

Weiser—"Why not?"

Mathias—"The cattle objected."

OVER FIFTY YEARS CONTINUOUS SERVICE IN TOLEDO

Achievement

Another of your school years nears its end, and as it reaches the final curtain, this book has been prepared to help keep your memory alive to the incidents that made it dear to your memory.

Your staff has worked hard and achieved the editing and composition of a wonderful annual,—one which you will peruse in the future with as much enjoyment as you have just experienced.

No doubt you will discover that the pictures and drawings contribute a great deal to the value of your book. The same holds true for advertising. Your eyes are always attracted first to the illustrations on any page, —and since our job was to reproduce your pictures and drawings so that they might be printed, we are proud to have had a part in the making of this publication.

Remember this simple phrase:—Your story in picture leaves nothing untold.
